Run!

Amidst the chaos, calm silently slips  
in to view.

It looks like you might need my  
help. They call me the Bug Queen.

Now that's what I'm  
talkin about.

Take these cyber  
swords. They'll help  
us even the fight.

The bug queens lightning powers helped Kia and Kontrast take out some of the robots, but there were more on the way.

guys at the top of the city  
tower.

and meet you there.

**HELP ME!**

I will drain your power until you die.

Kai and Kontrast leaped across the roof top and drew their swords, ready to fight the cyber Samurai king.

**HELP!**

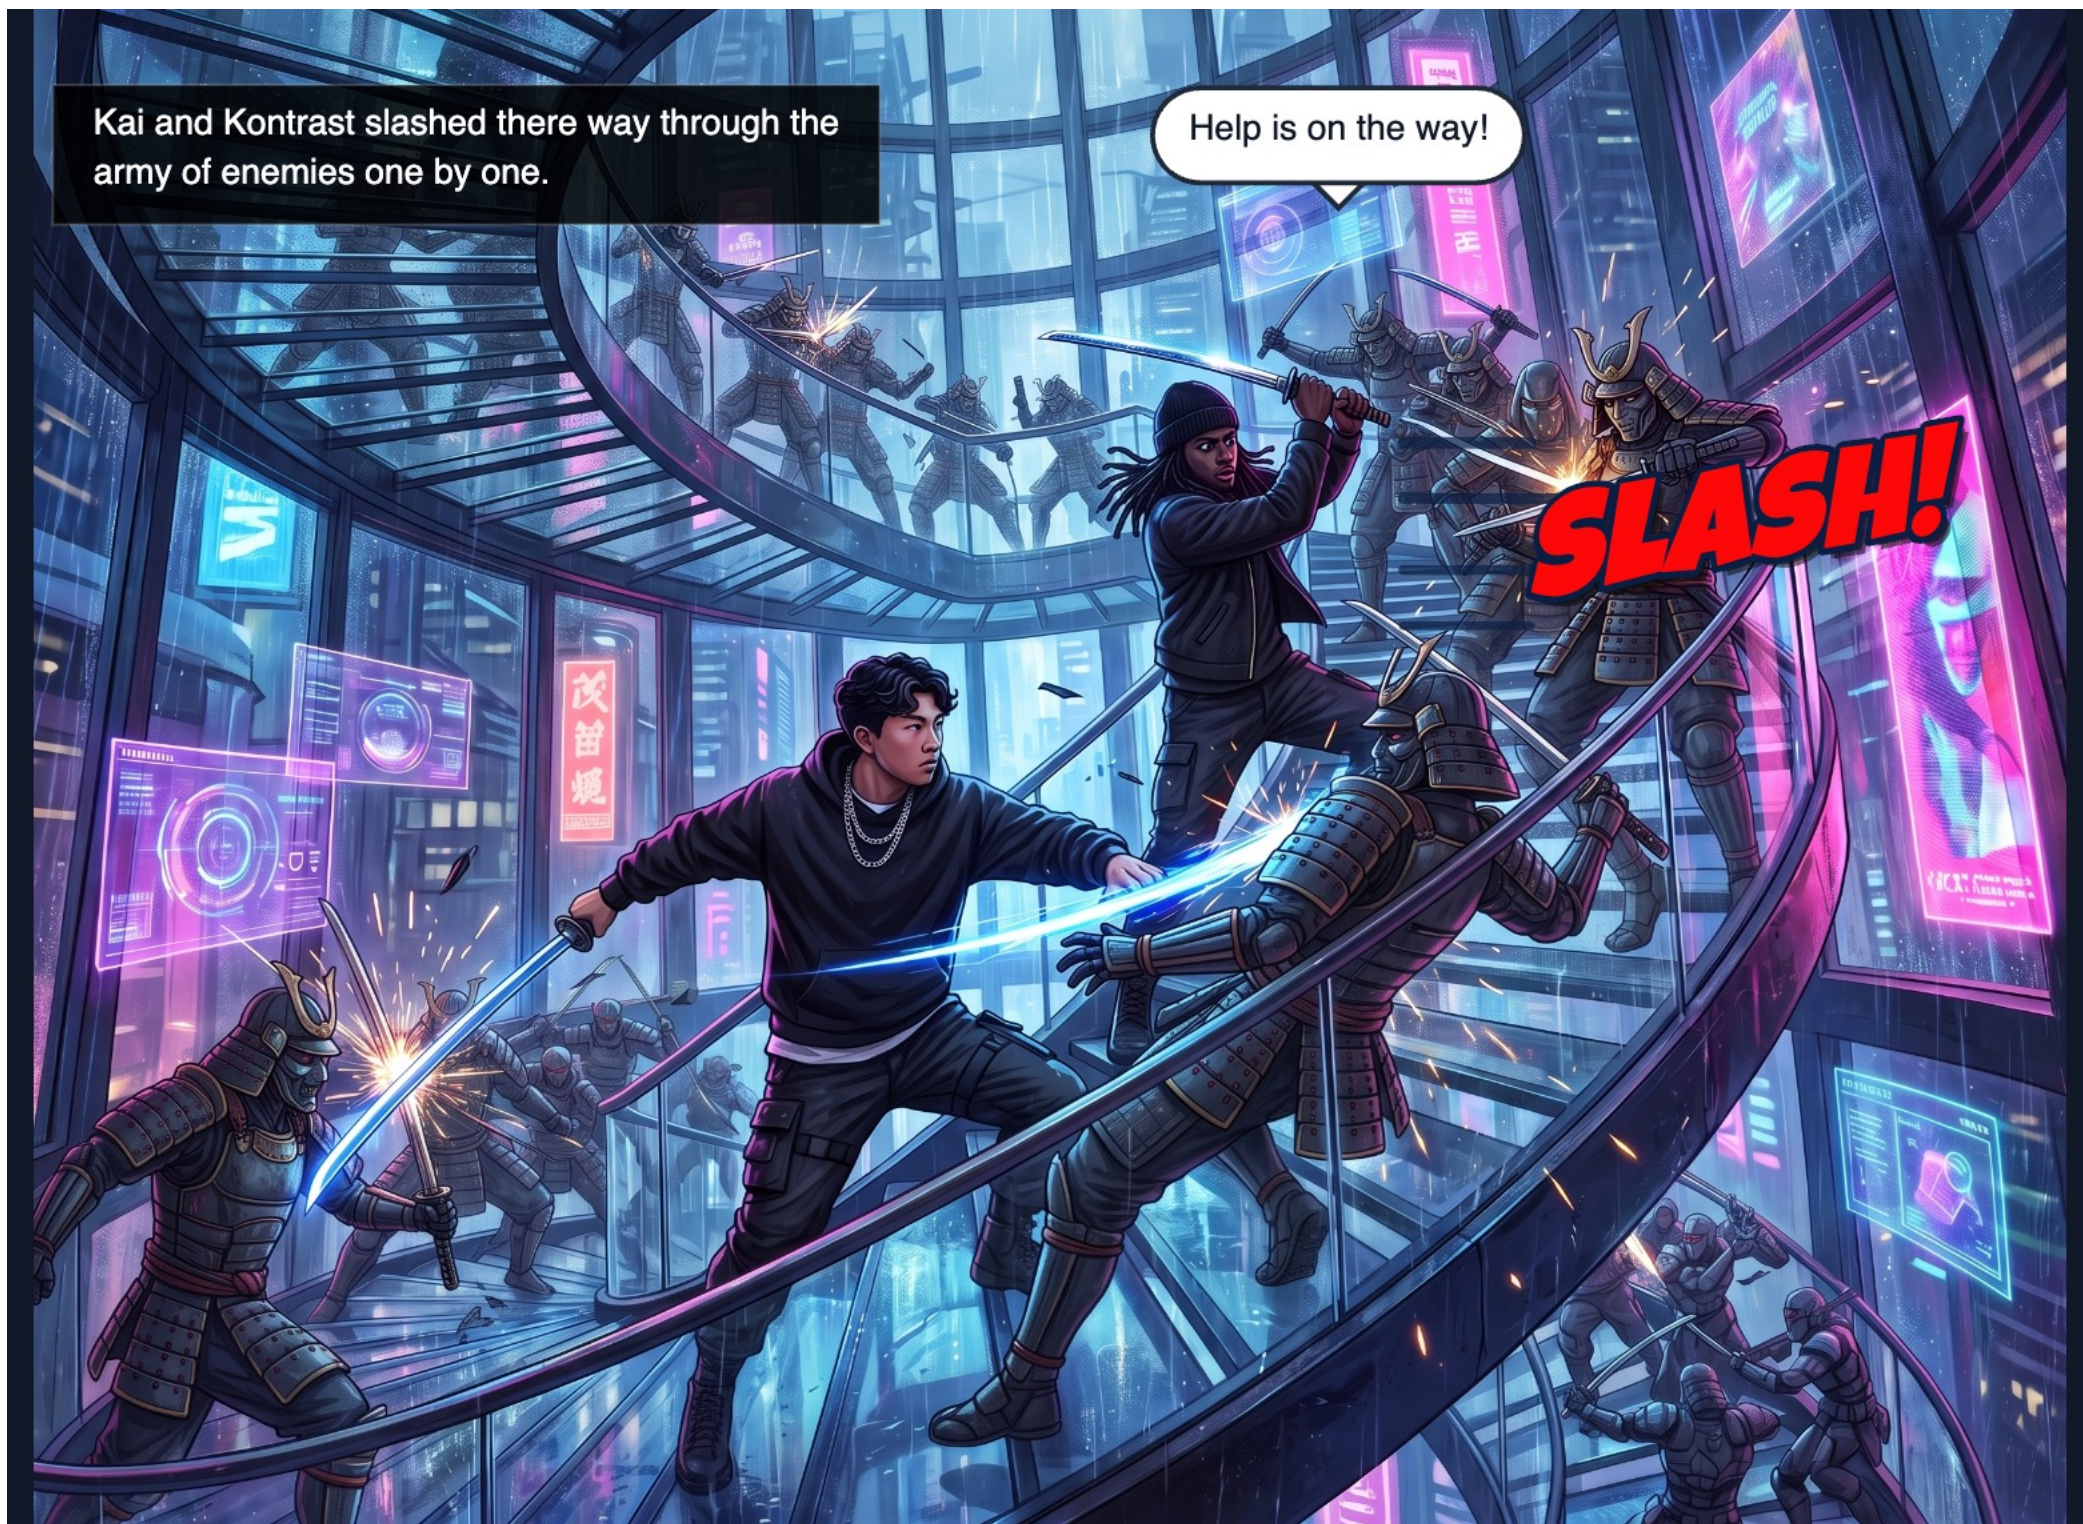

Kai and Kontrast slashed there way through the army of enemies one by one.
