KAI

EMMA

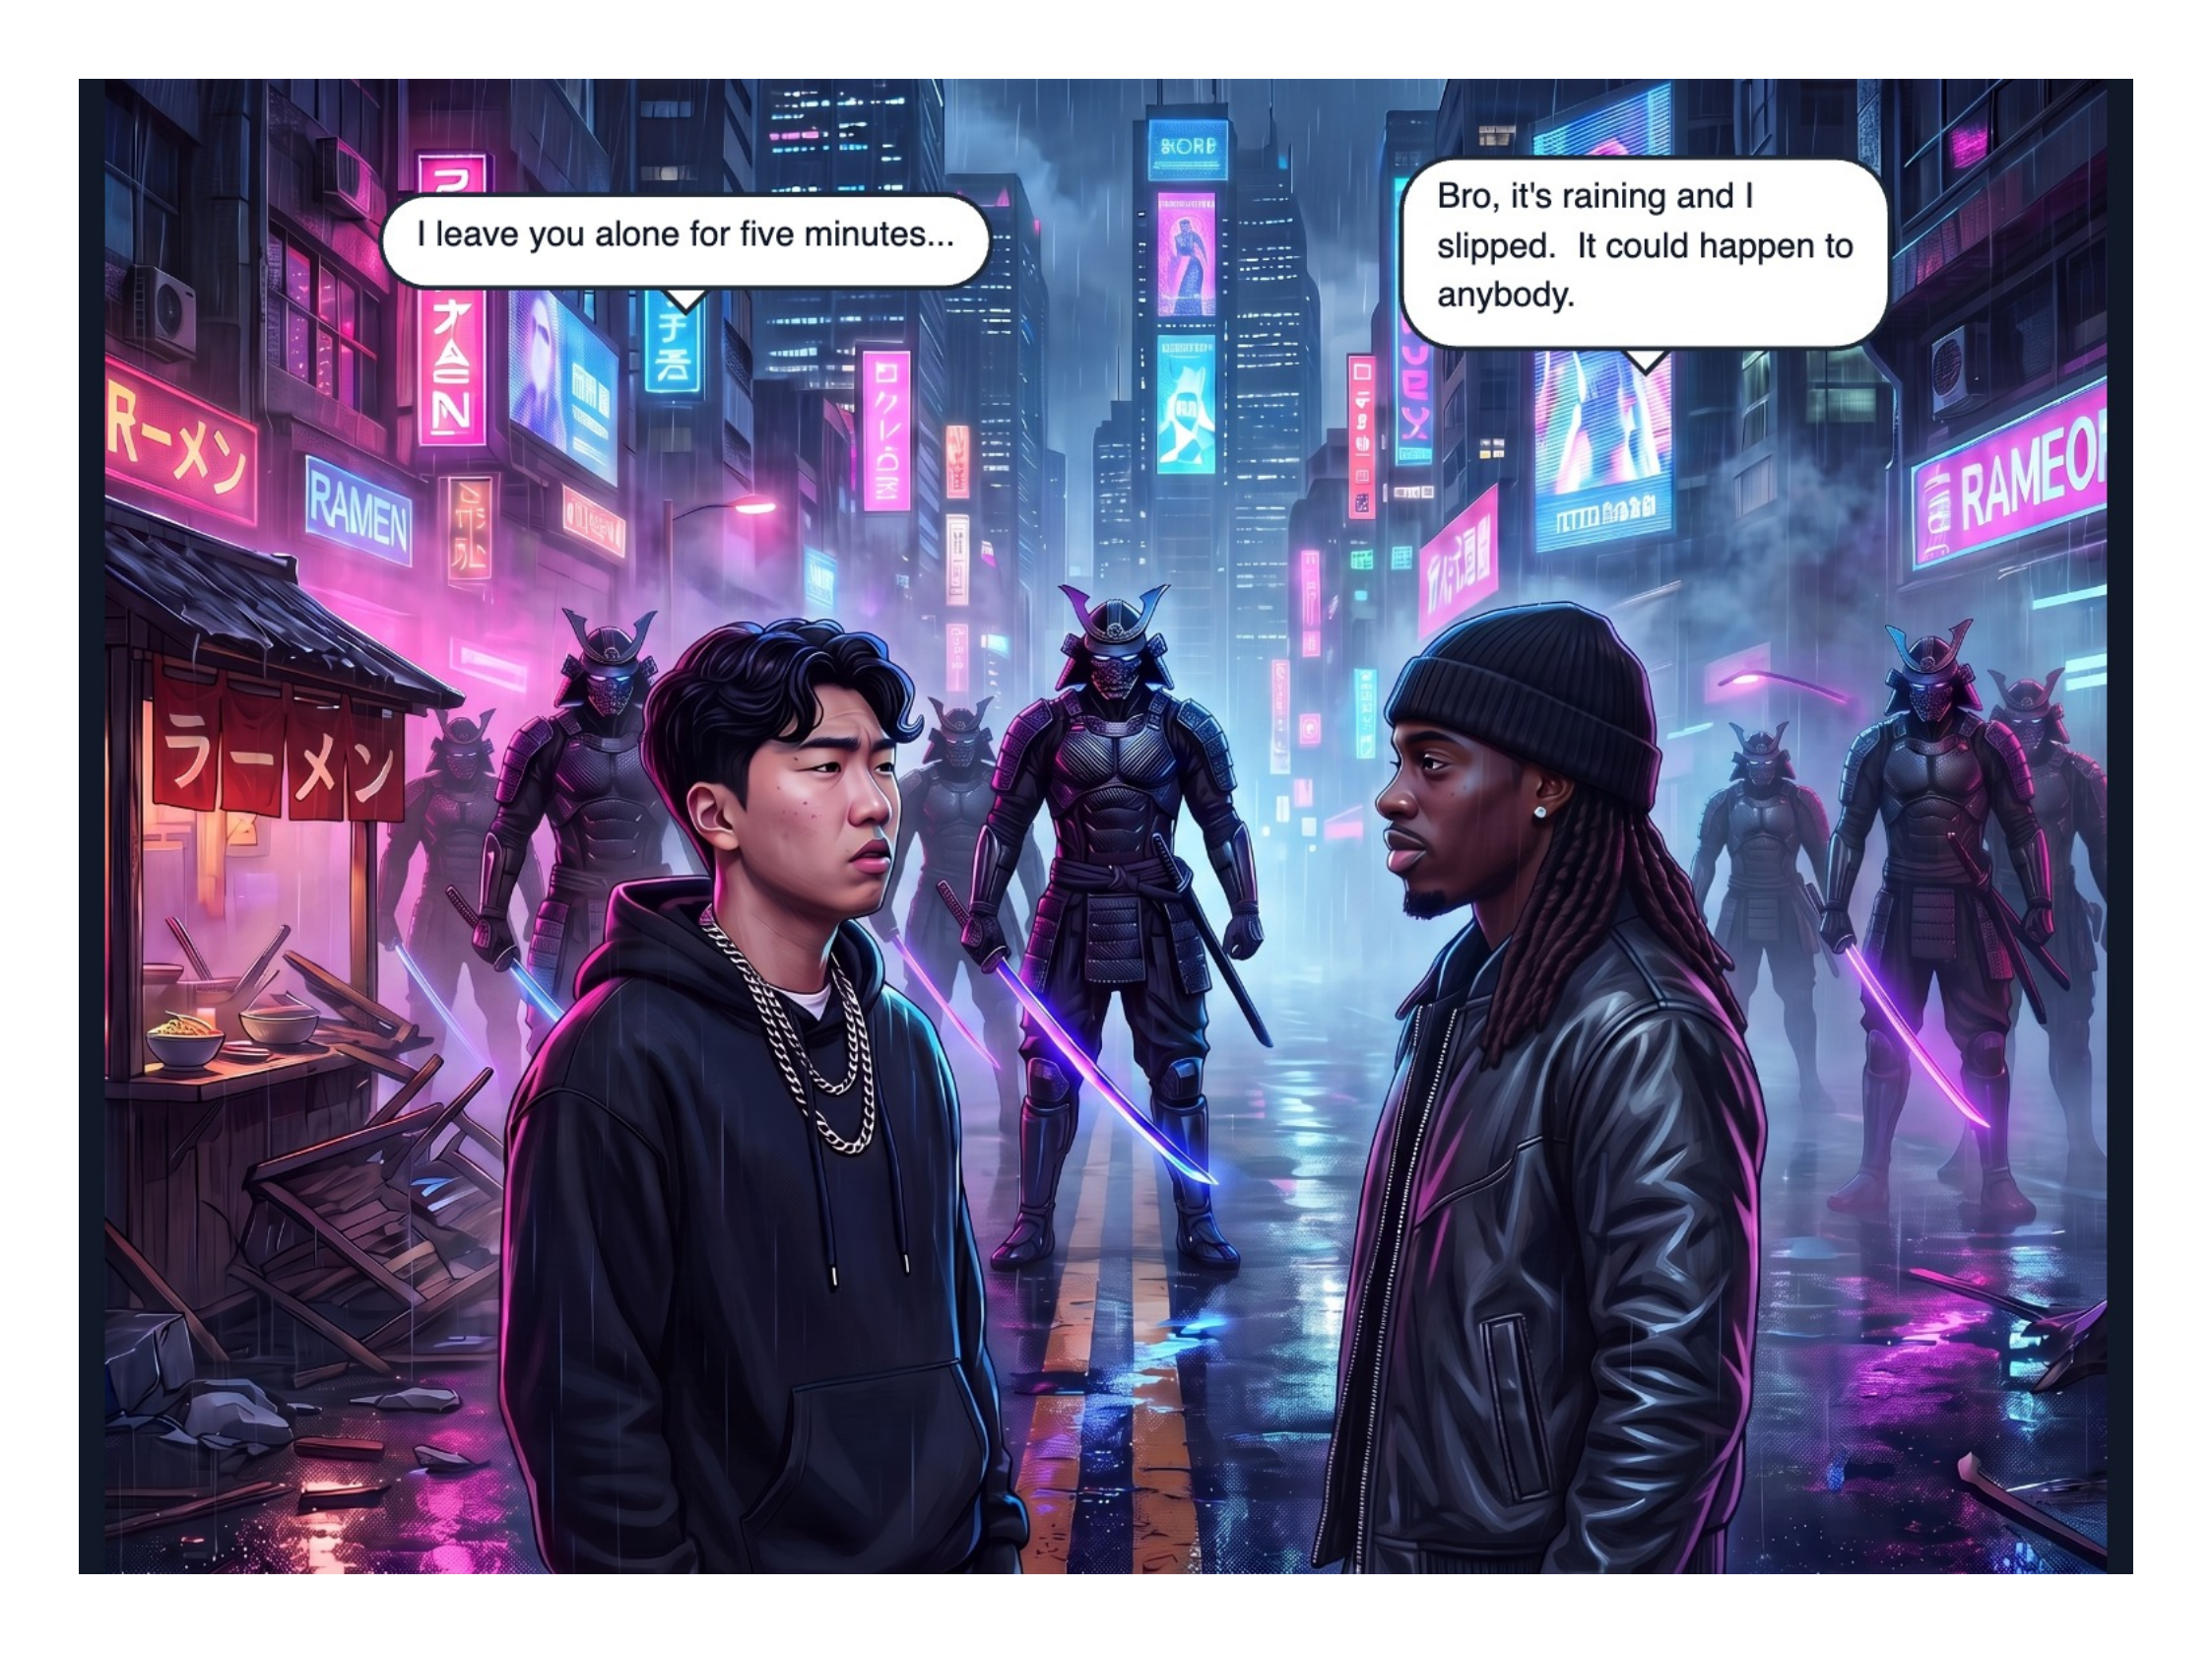

KHANTRAST

The storm had died down to a light drizzle. Kai and Khantrast decided to meet for Ramen at their favorite spot.

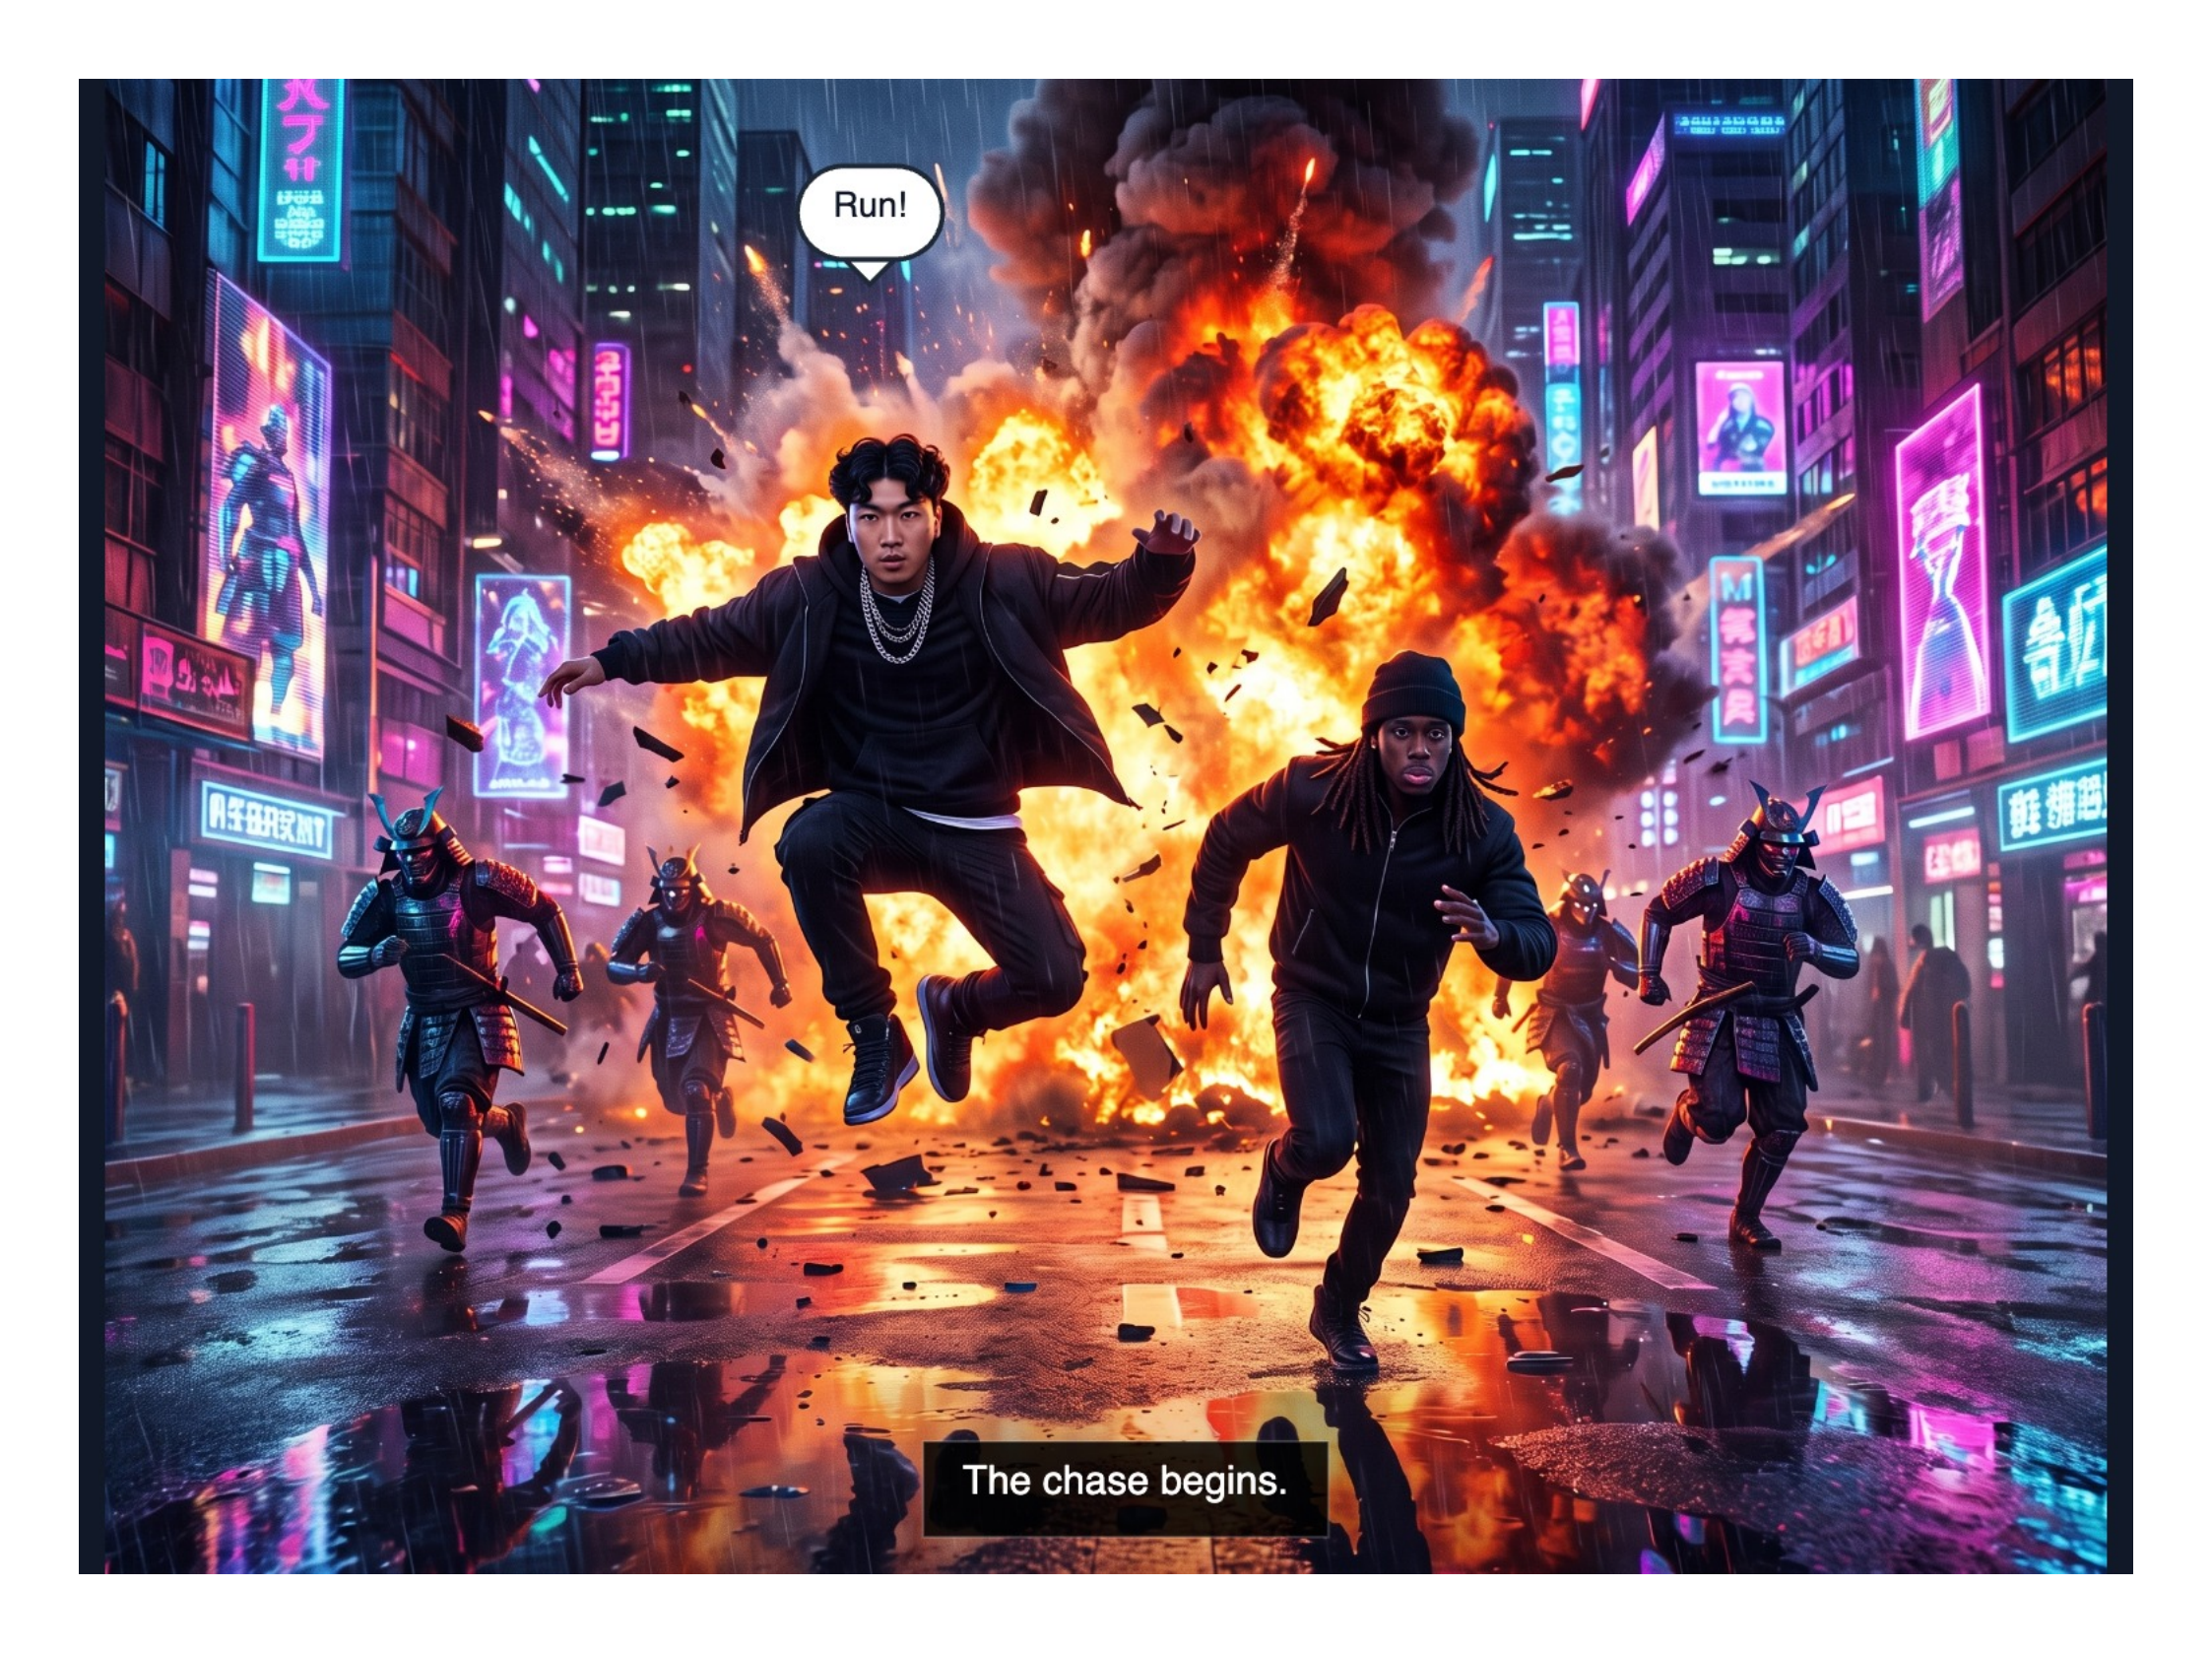

I leave you alone for five minutes...

Bro, it's raining and I slipped. It could happen to anybody.

Is that a cyber samurai army walking towards us or did I smoke too much?

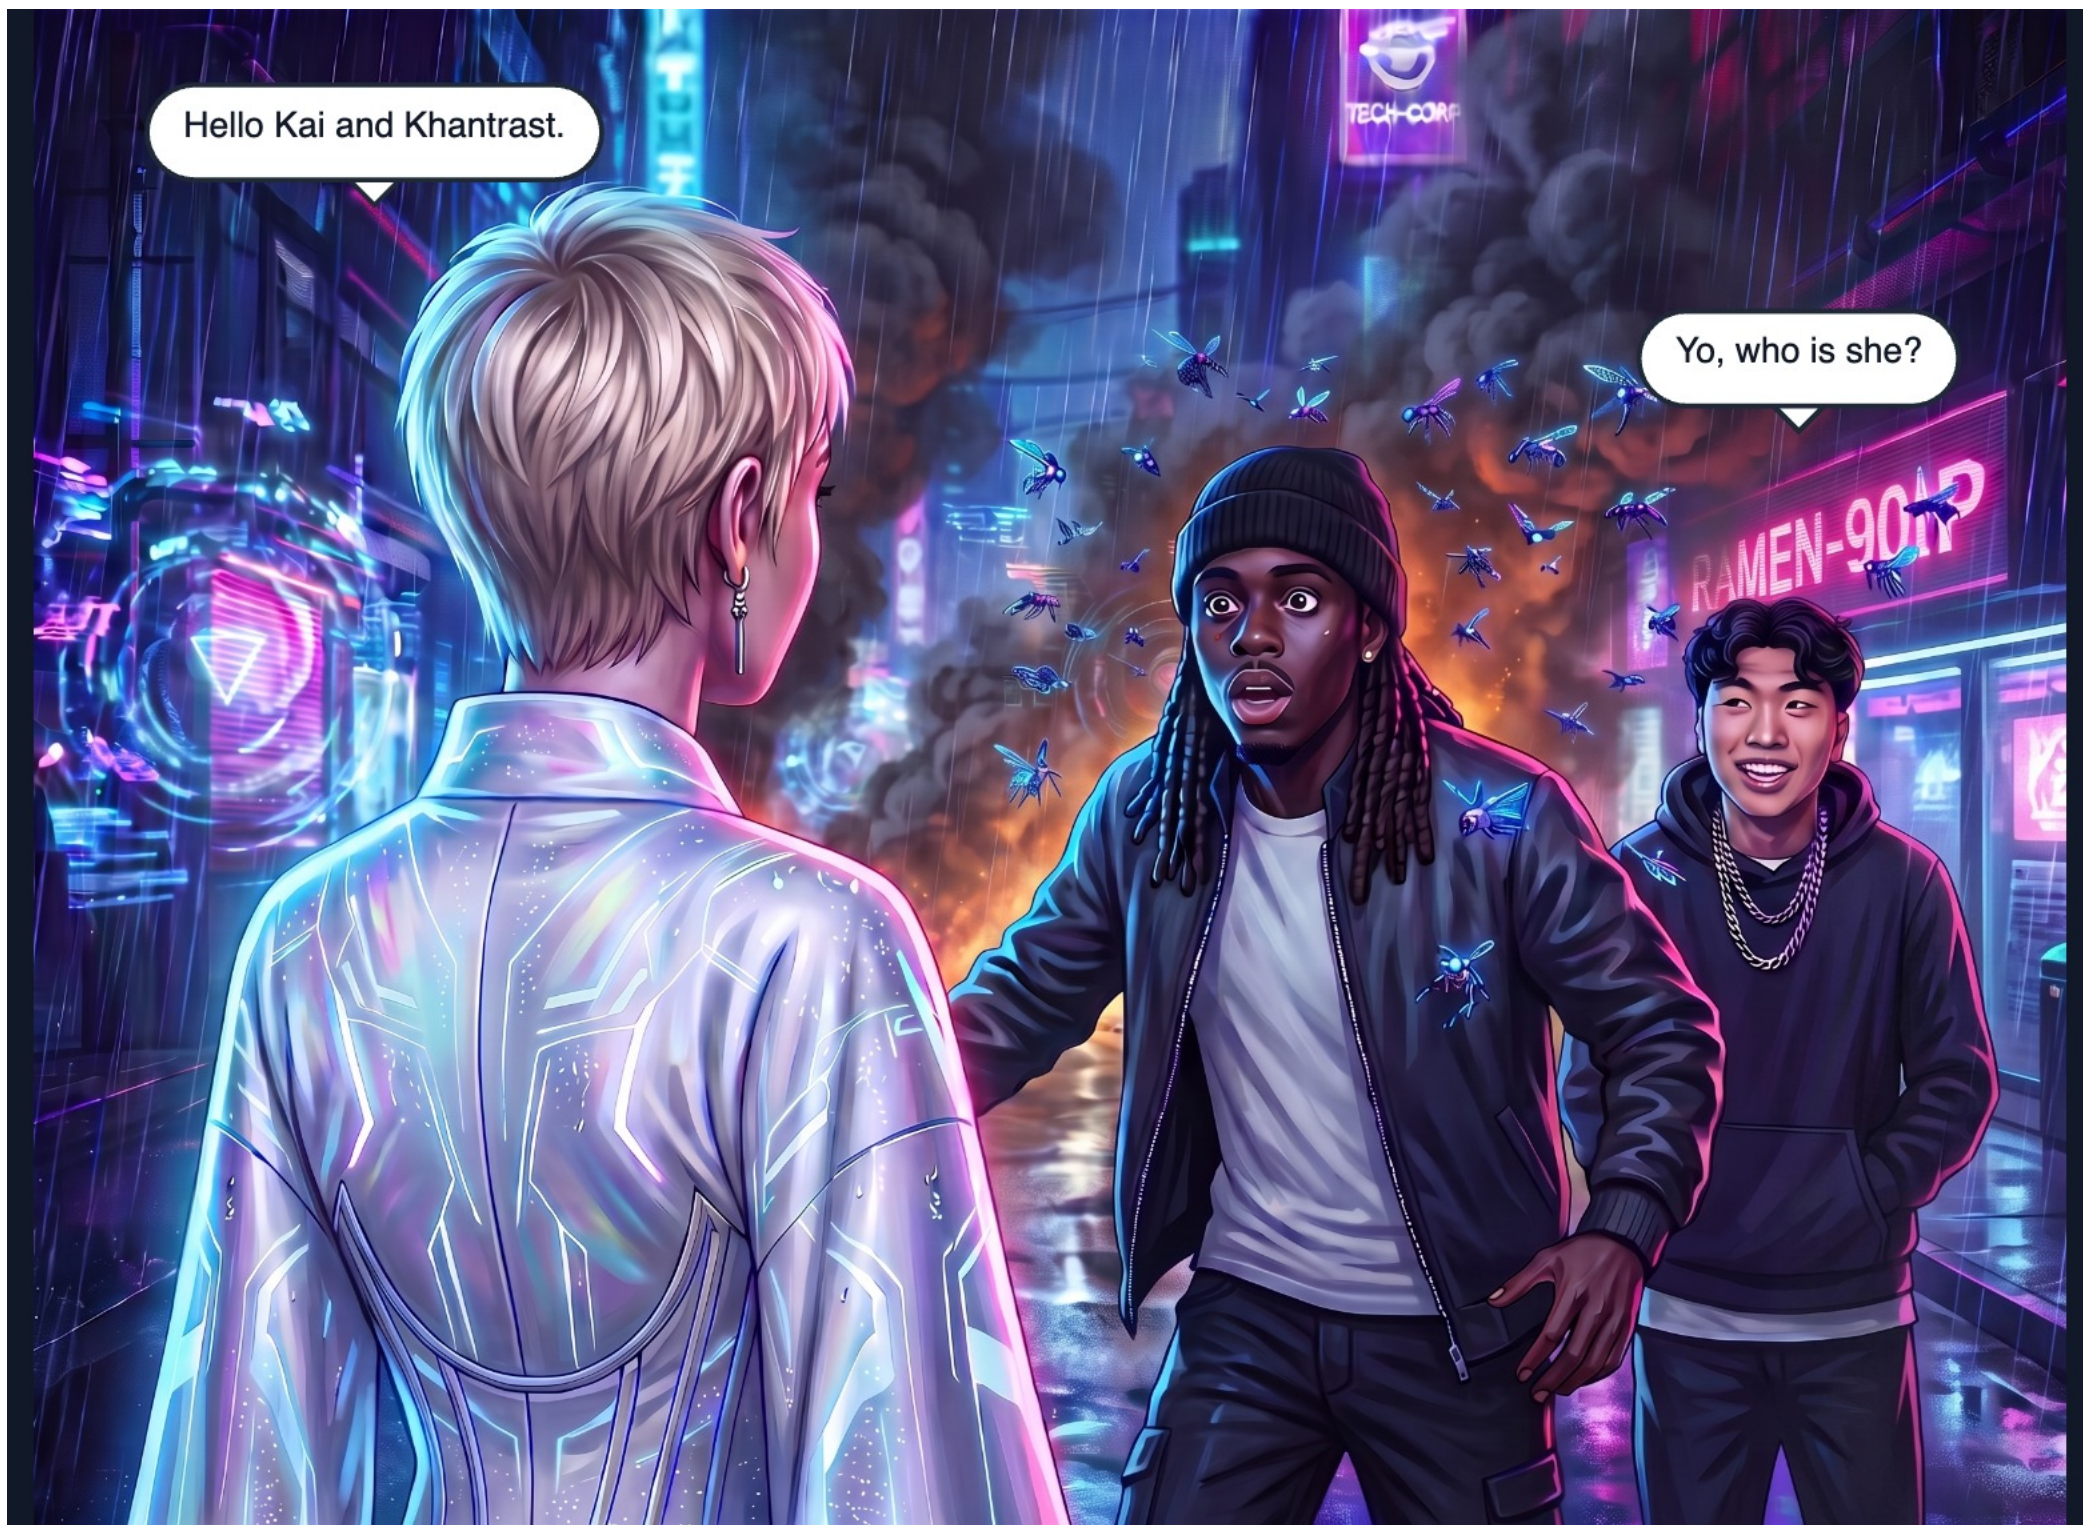

Run!

The chase begins.

Hello Kai and Khantrast.

Yo, who is she?

Amidst the chaos, calm silently slips
in to view.

It looks like you might need my
help. They call me the Bug Queen.

Now that's what I'm
talkin about.

Take these cyber
swords. They'll help
us even the fight.

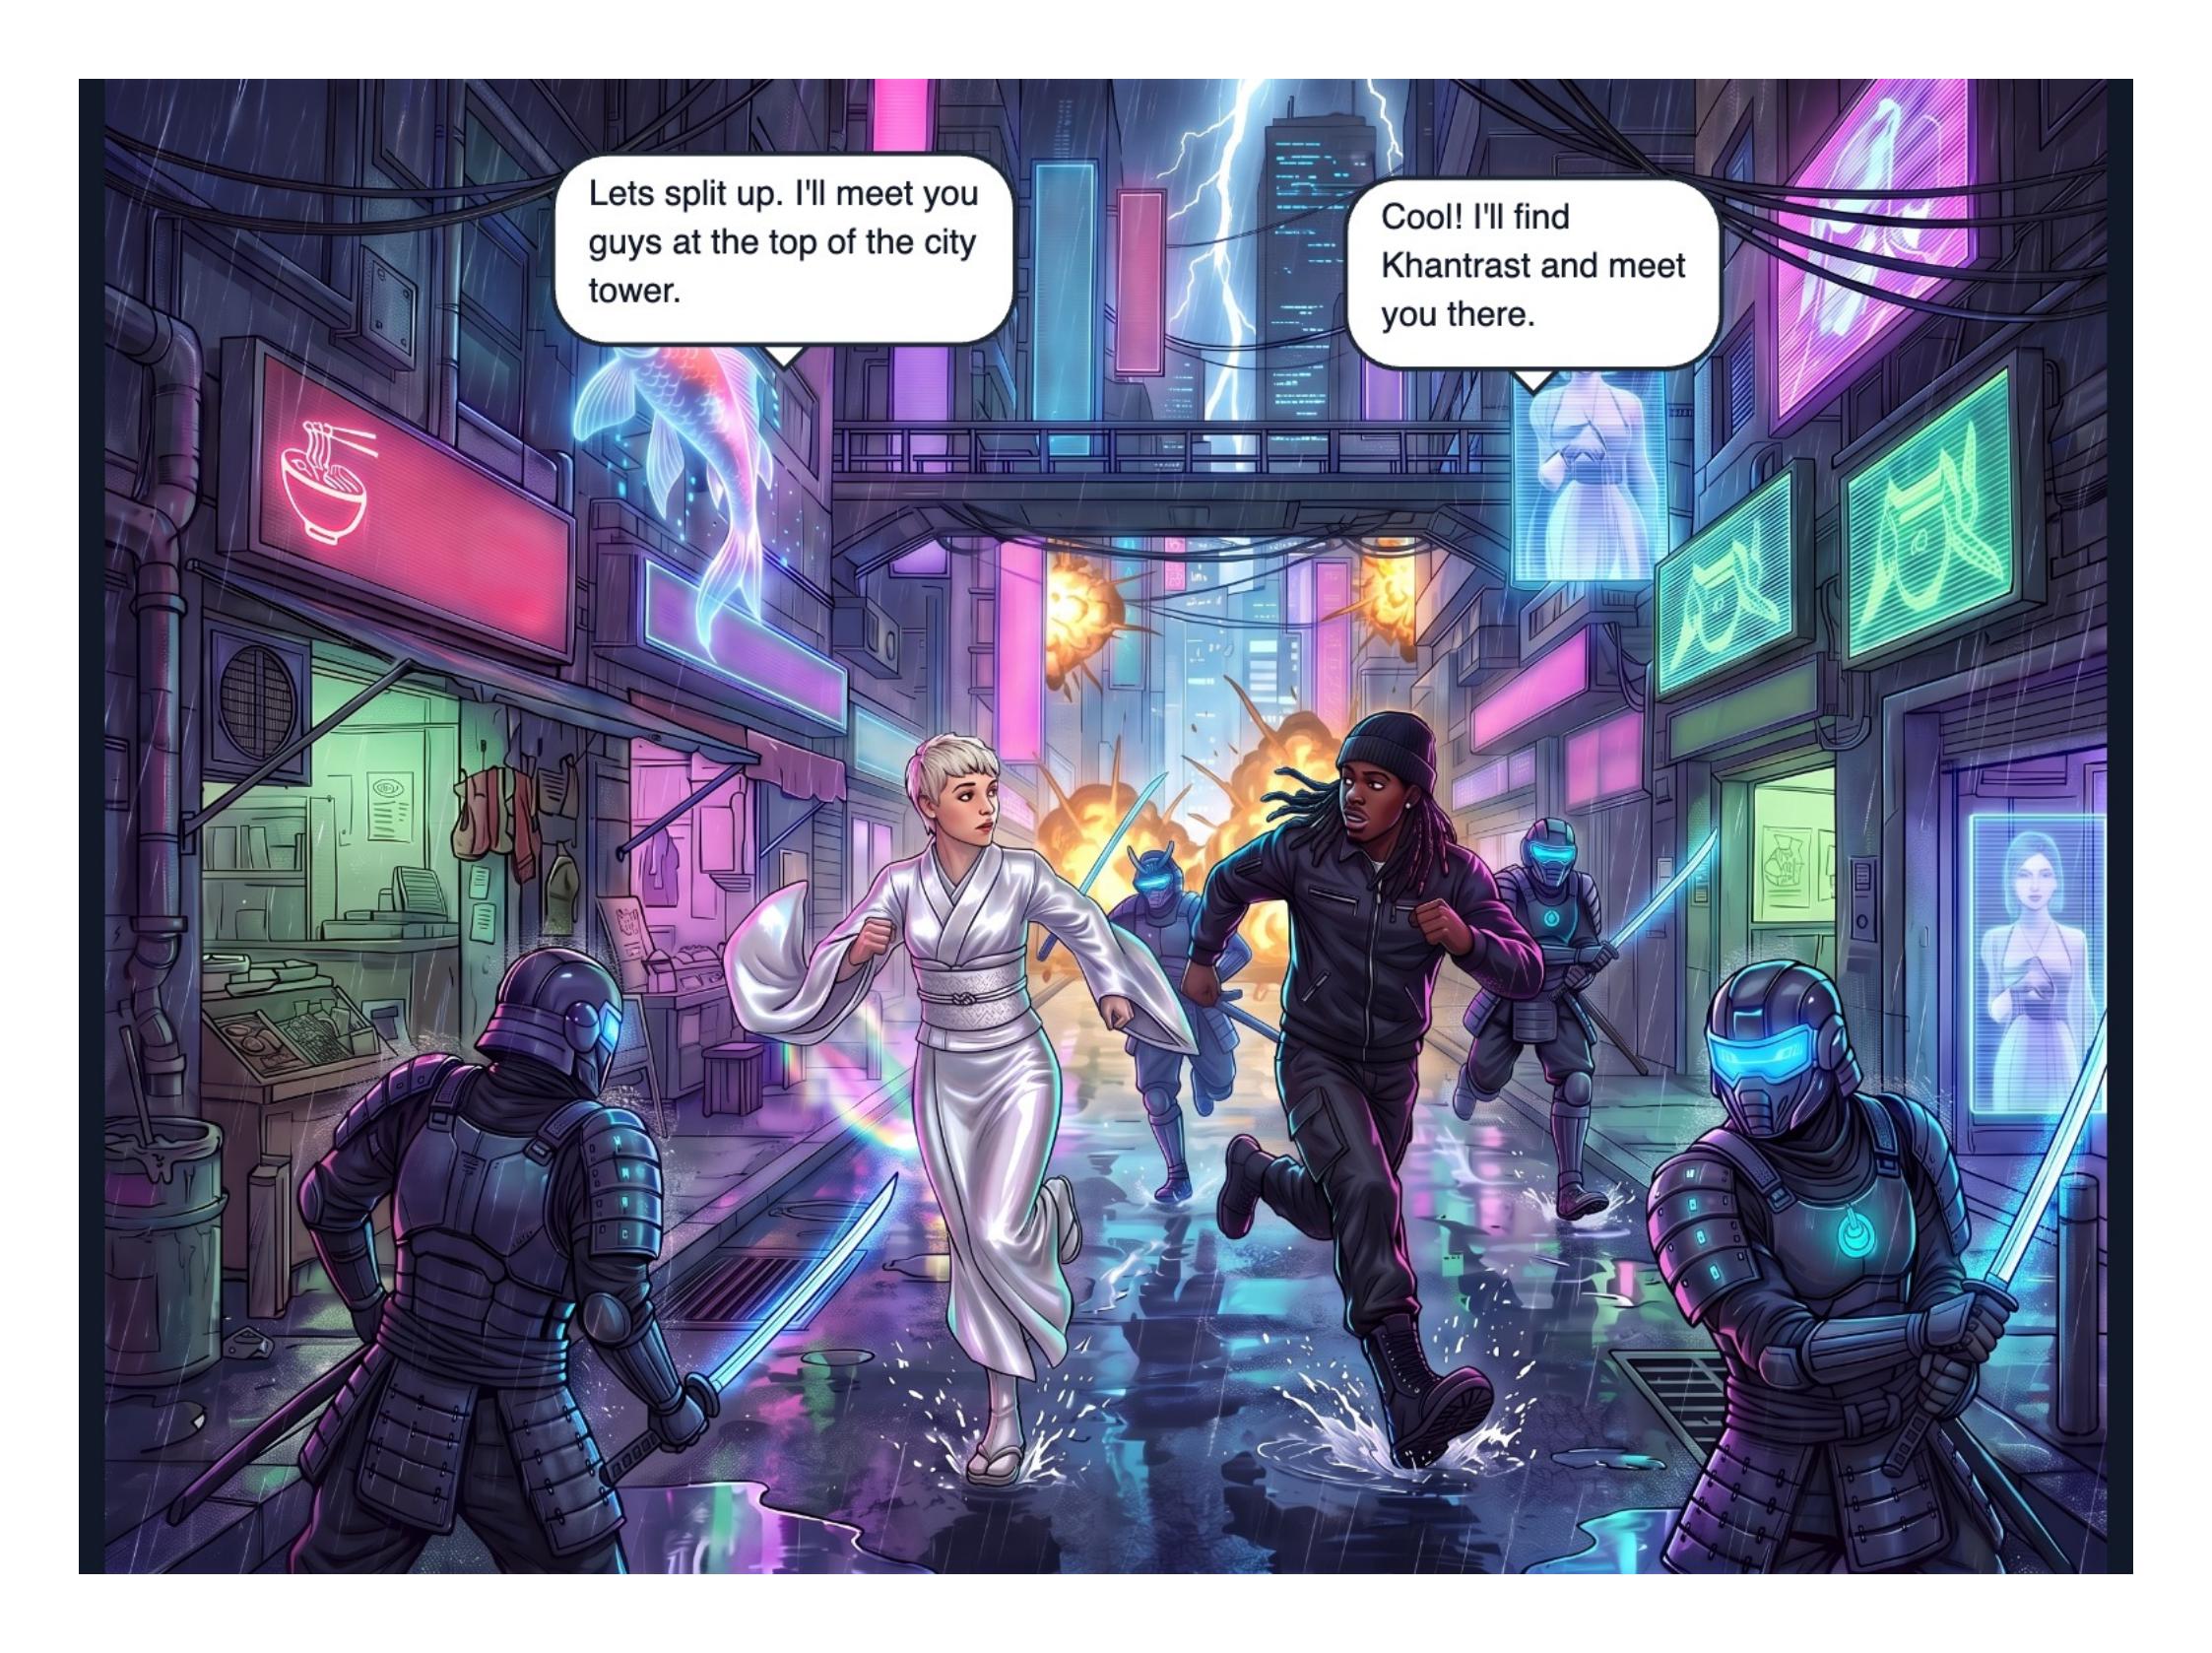

The bug queens lightning powers
hammered the cyborgs, but there
were too many to fight.

Lets Go!

Bro, she's got powers!

ZAP!

Lets split up. I'll meet you
guys at the top of the city
tower.

Cool! I'll find
Khantrast and meet
you there.

HA HA HA!

Your lightning wont work on me. My armor absorbs energy.

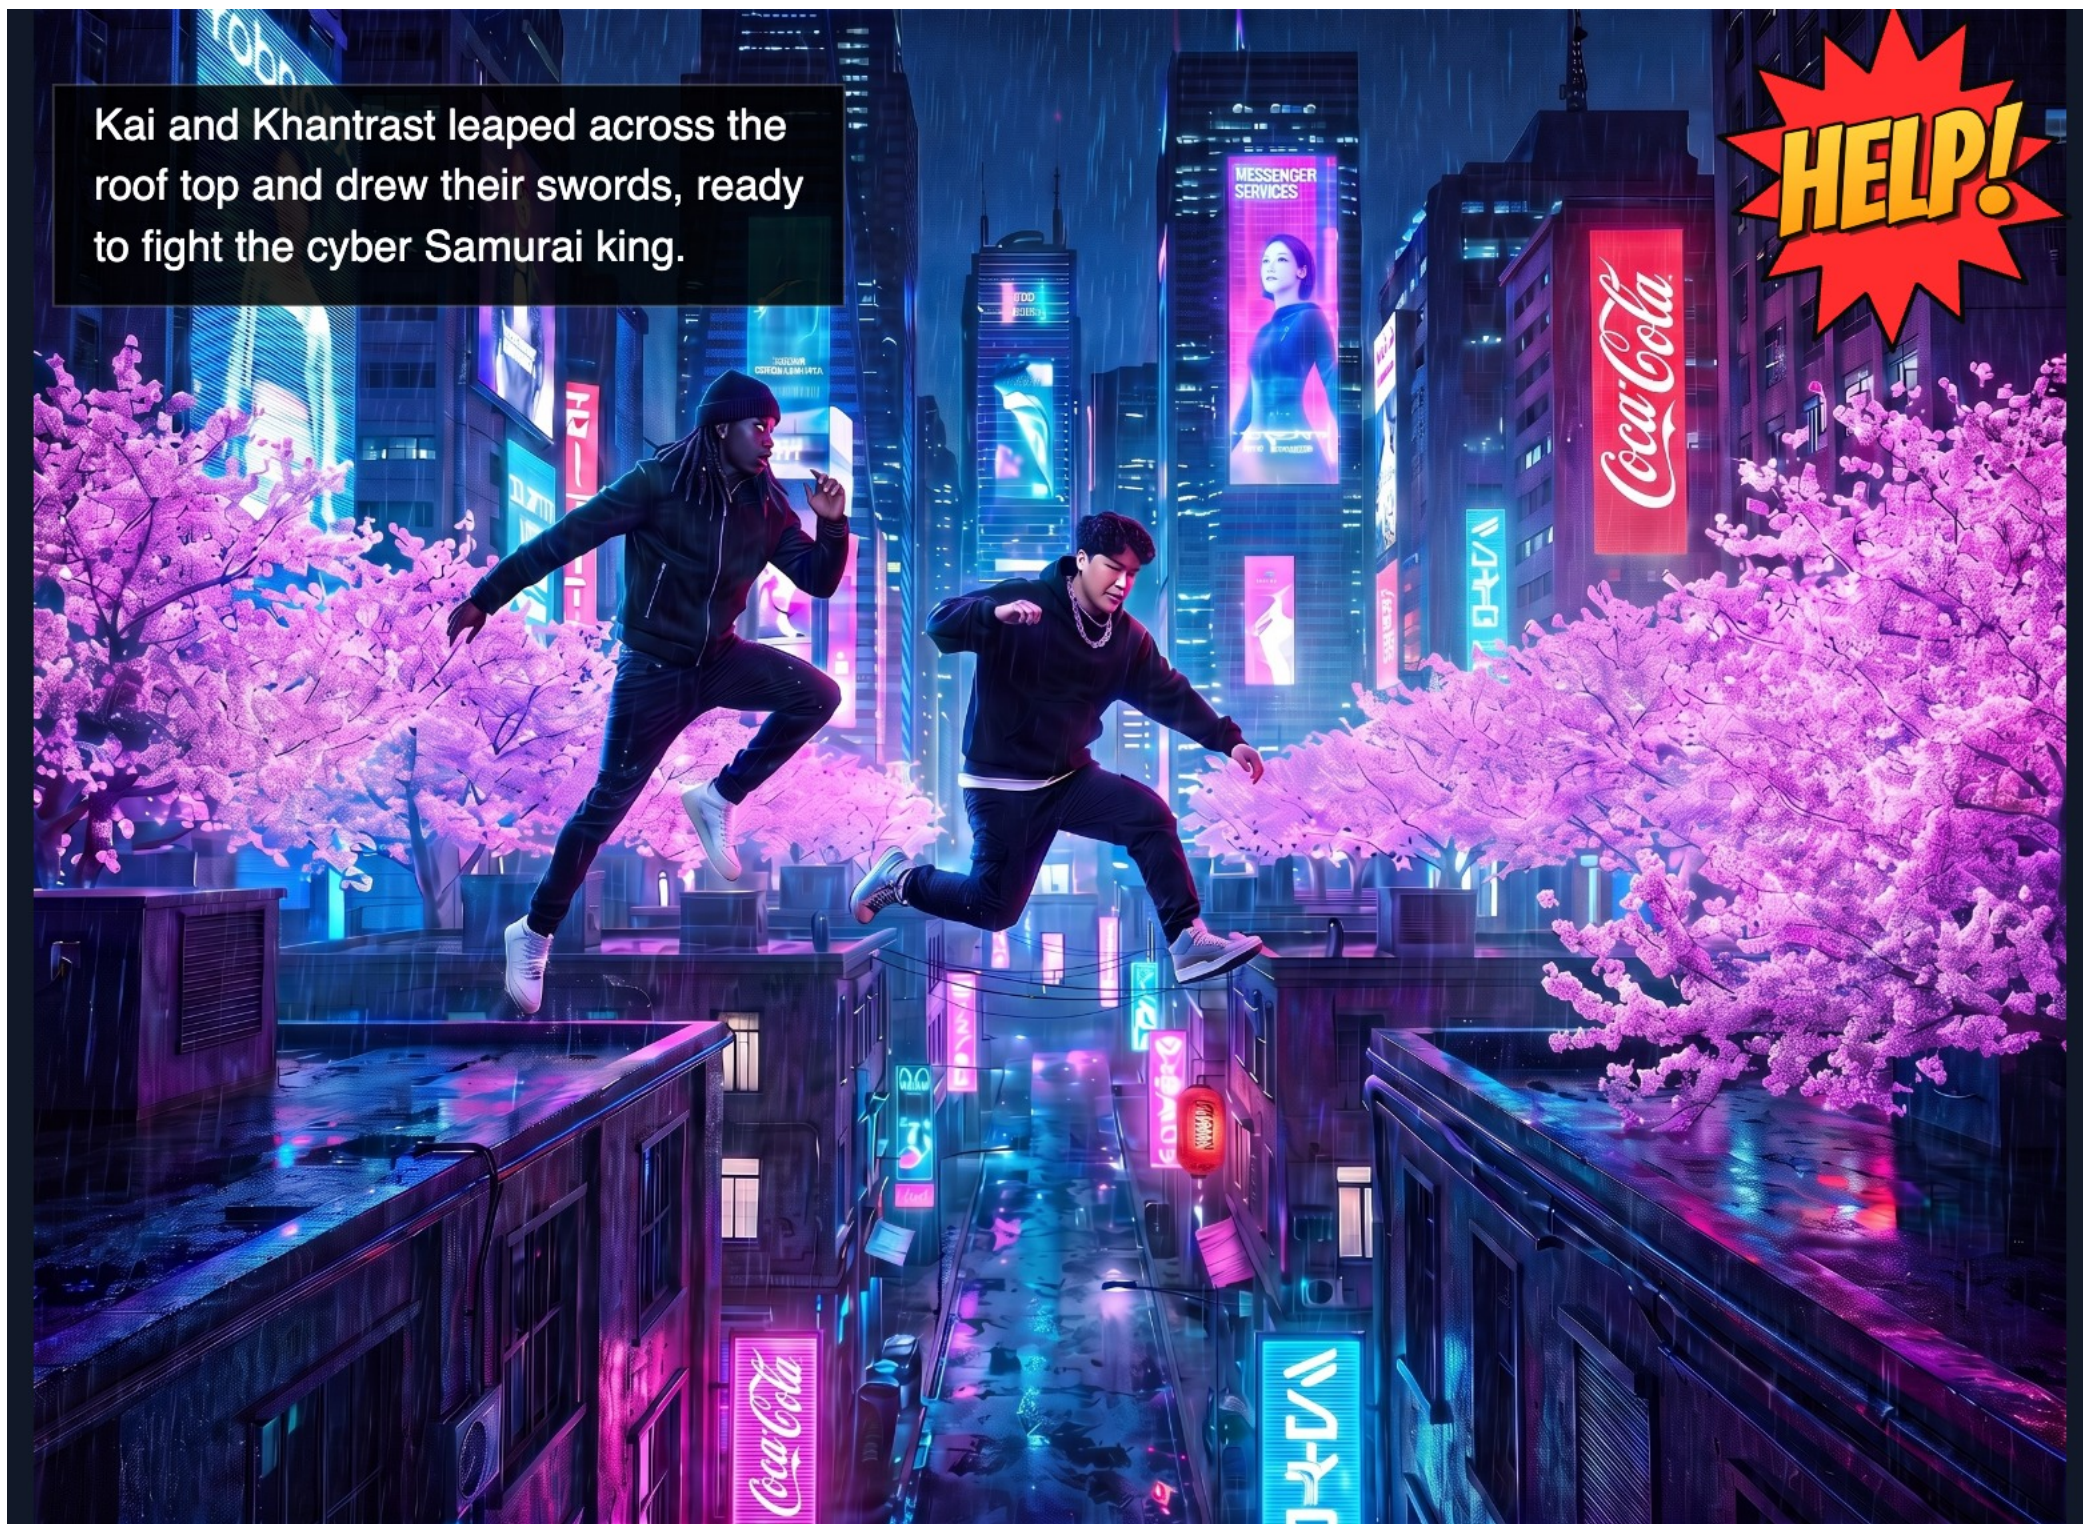

The Cyber Samurai King captured the bug queen before they could reach her.

I will drain your power until you die.

A stylized illustration of a city skyline at night, viewed from a low angle looking up. The buildings are dark with various lights and signs, including some with Japanese characters. A large, jagged, black-outlined speech bubble dominates the center of the image. Inside the bubble, the words "HELP ME!" are written in a bold, white, sans-serif font with a thick black outline and a slight drop shadow. The overall color palette is dominated by blues, purples, and blacks, with some warmer lights from the buildings.

Kai and Khantrast leaped across the roof top and drew their swords, ready to fight the cyber Samurai king.

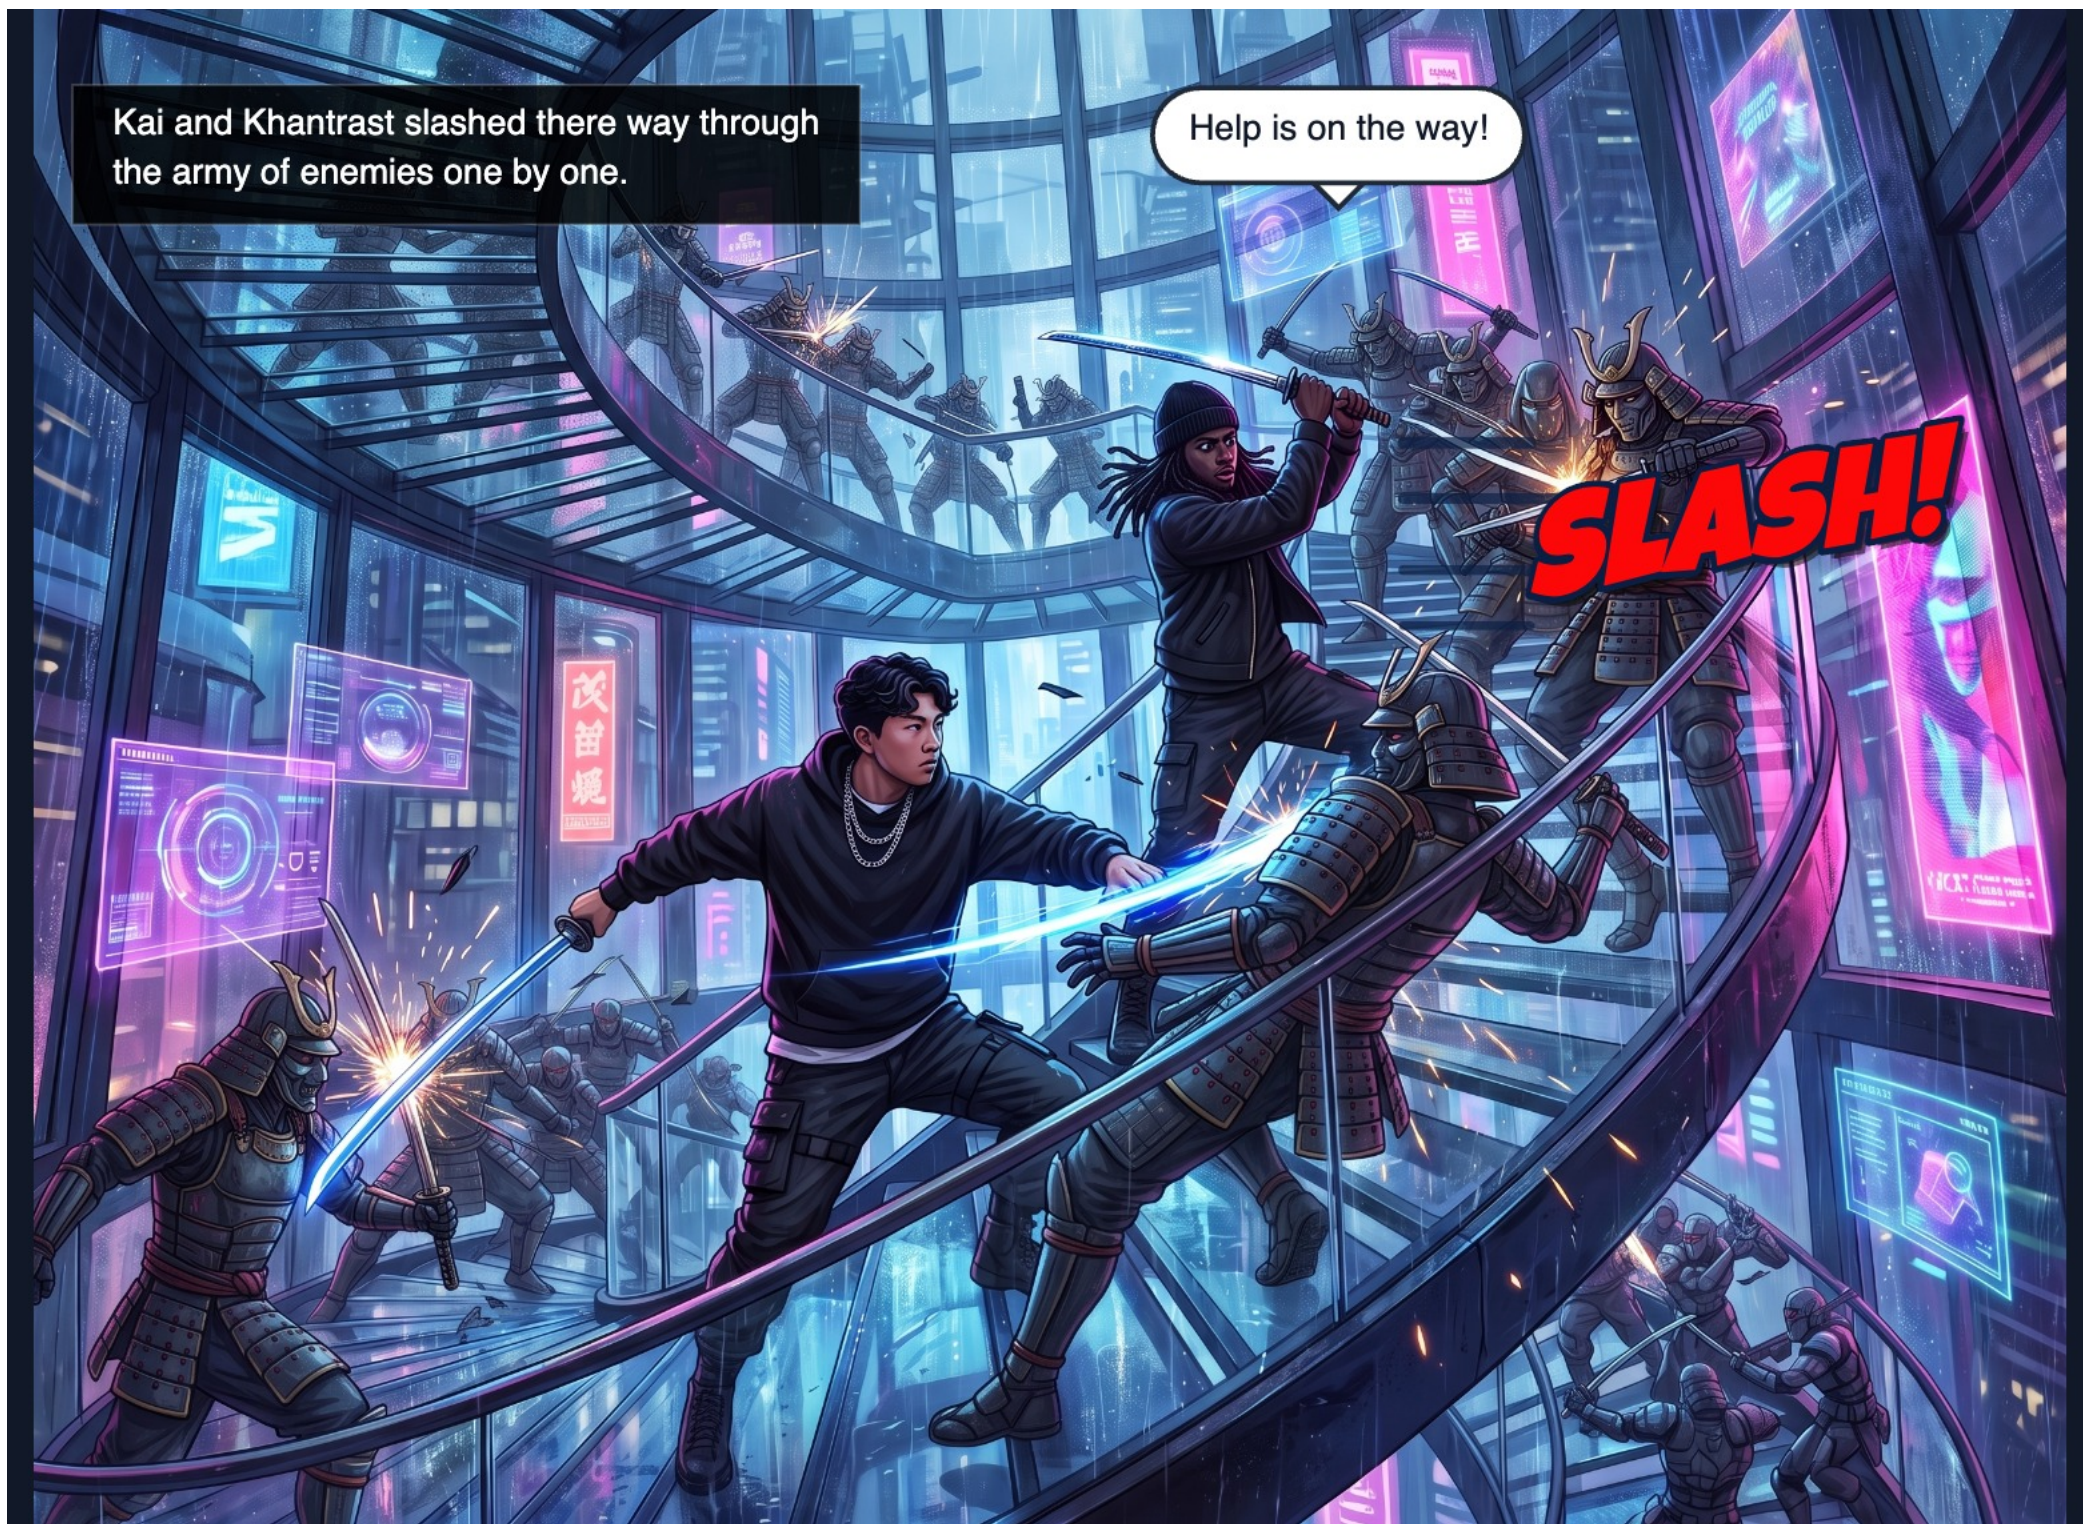

HELP!

Kai and Khantrast slashed their way through the army of enemies one by one.

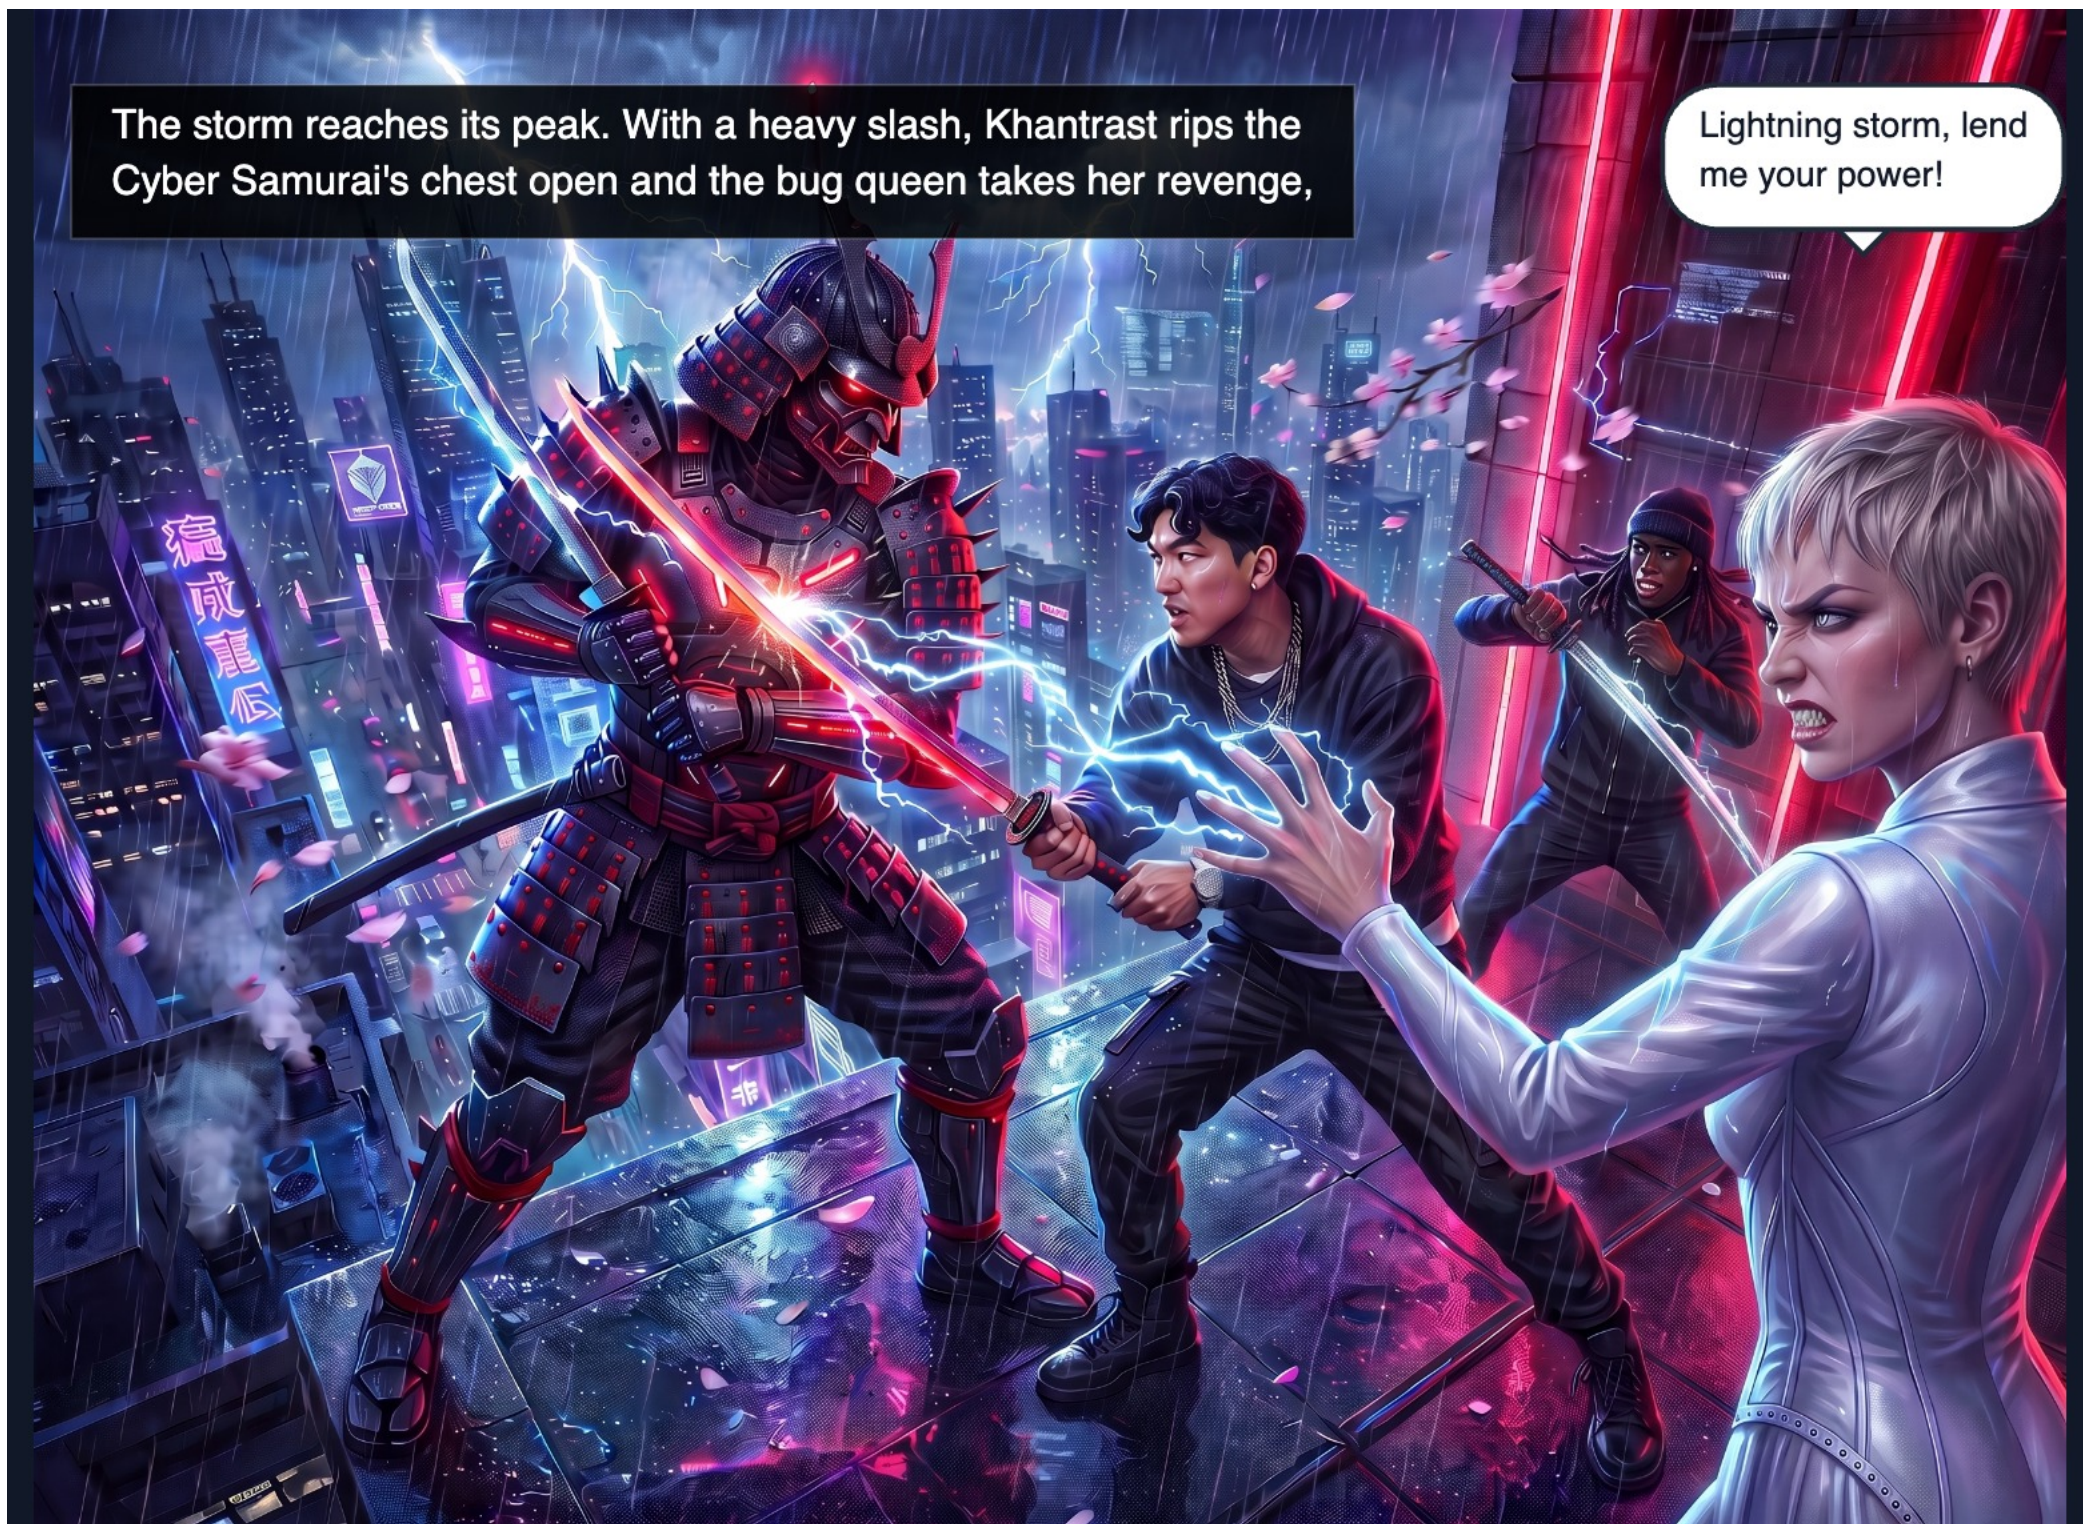

Help is on the way!

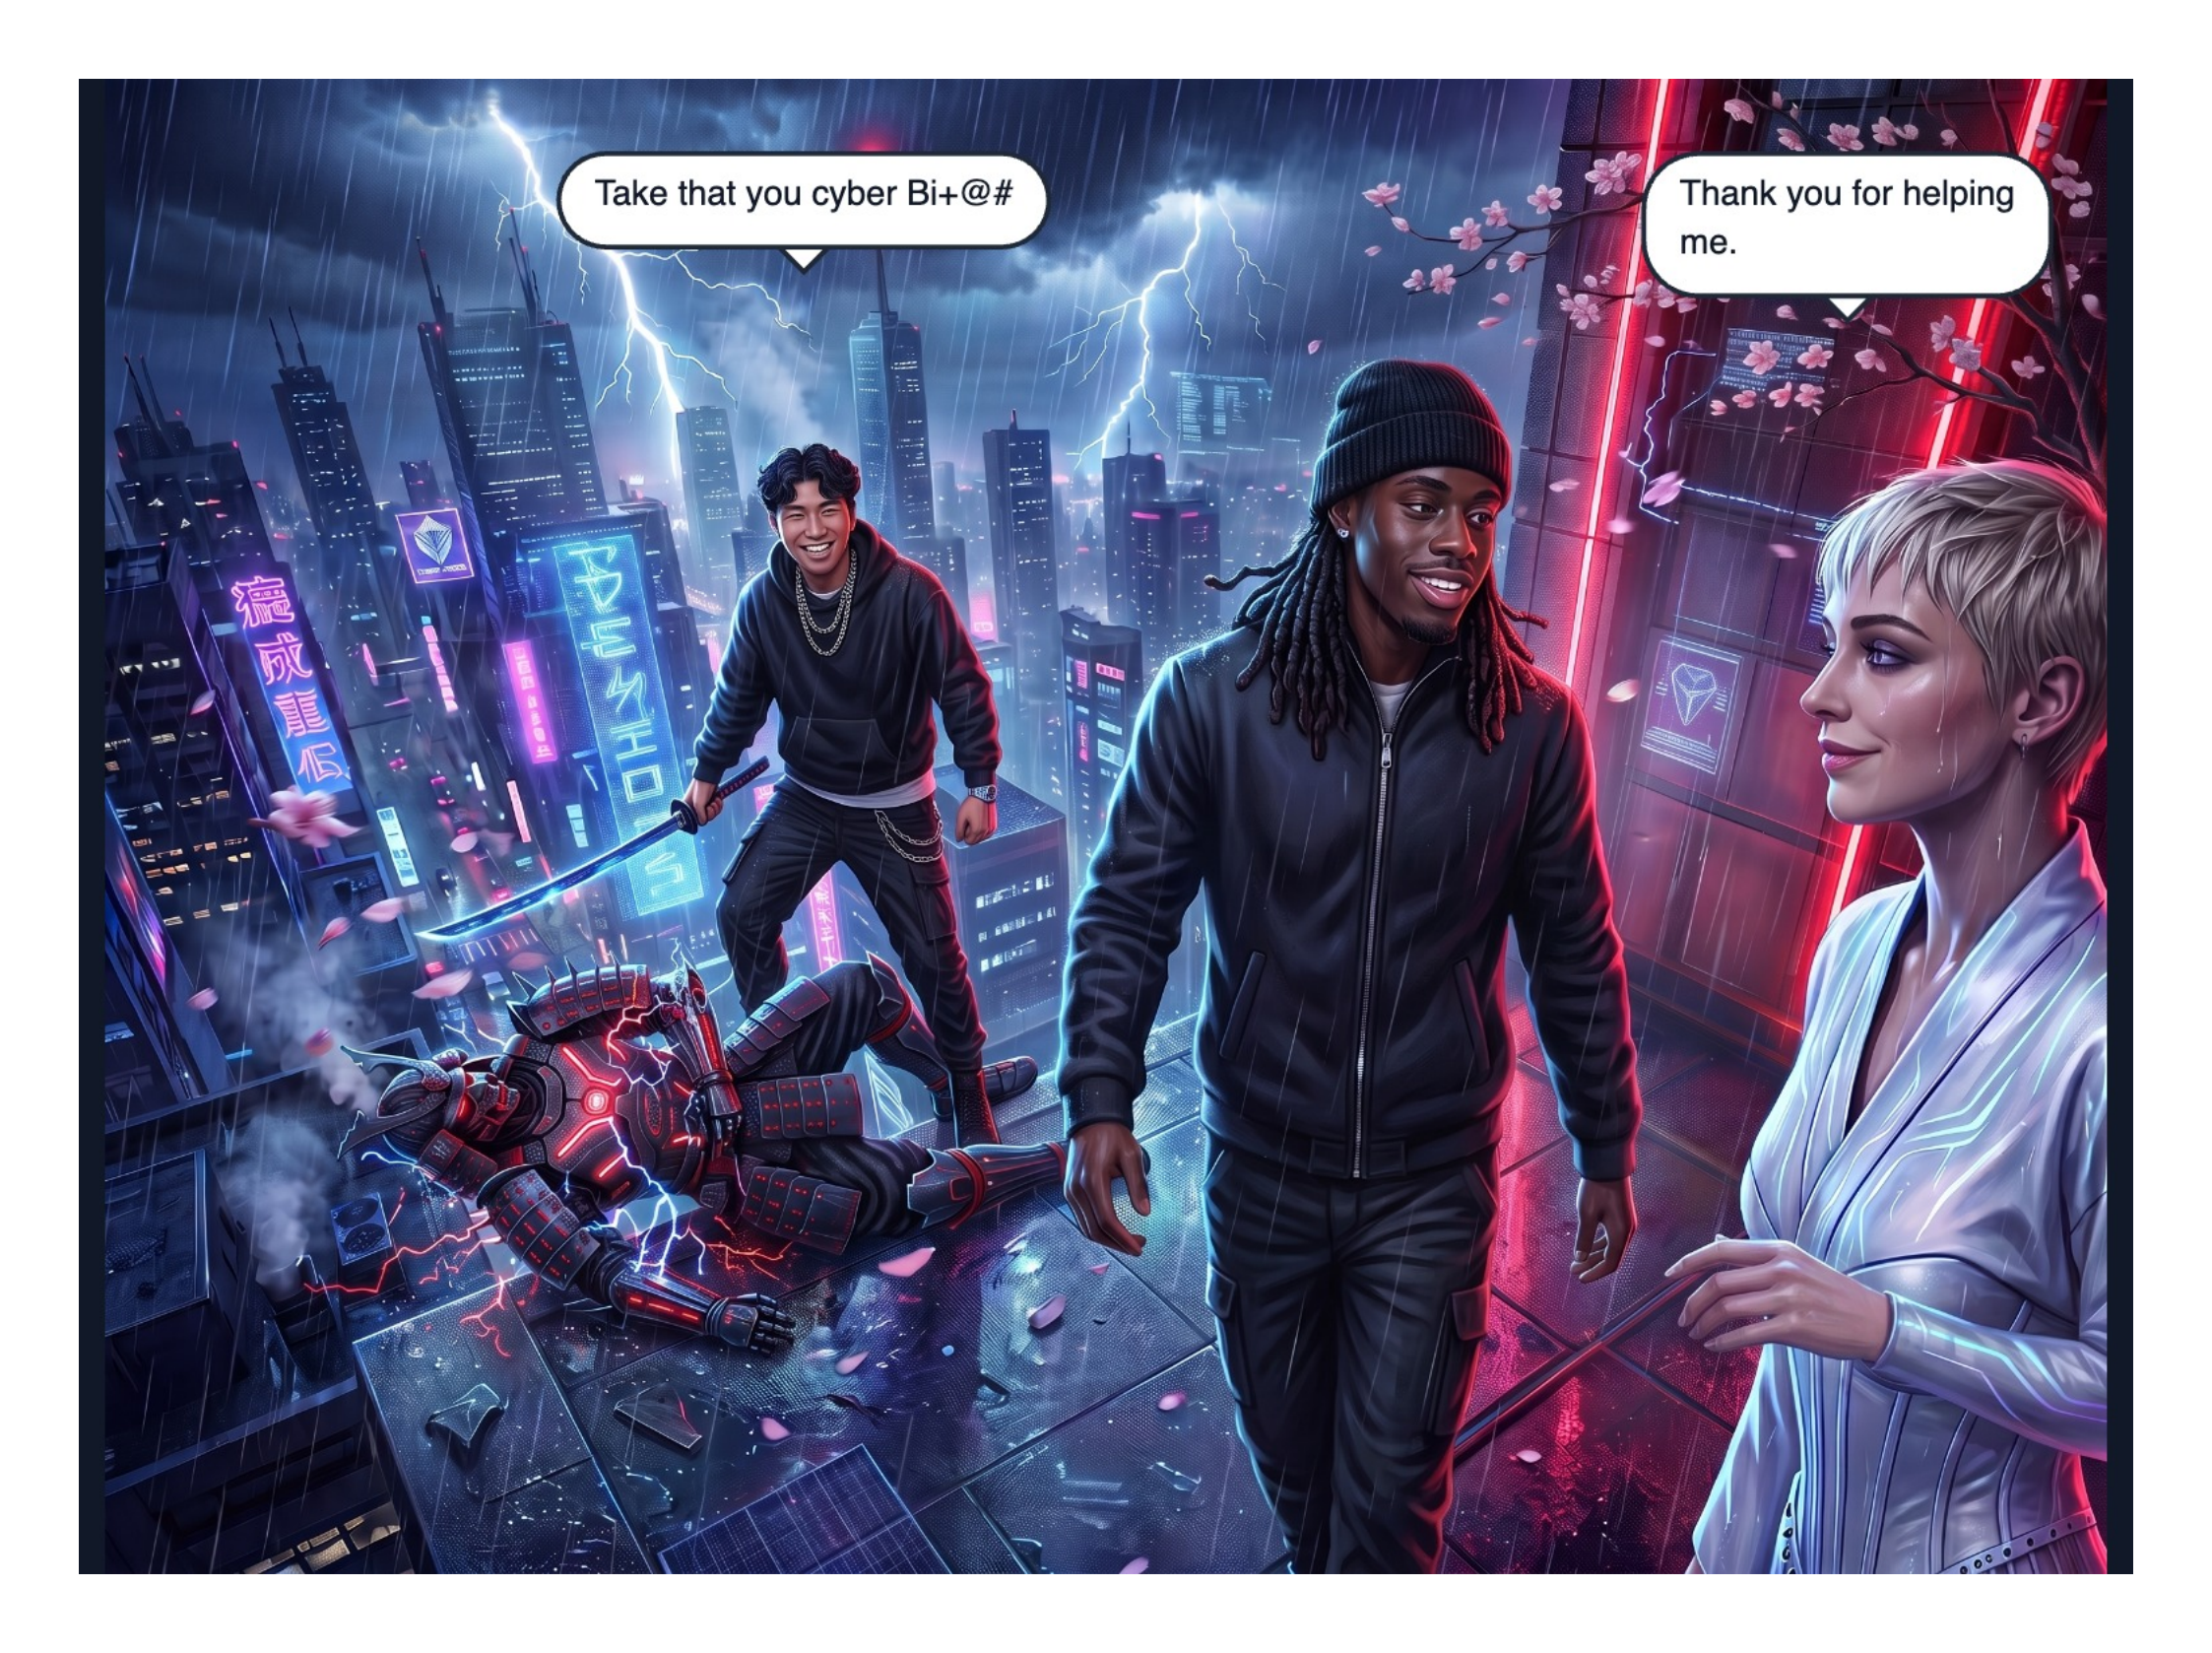

SLASH!

The storm reaches its peak. With a heavy slash, Khantrast rips the Cyber Samurai's chest open and the bug queen takes her revenge,

Lightning storm, lend me your power!

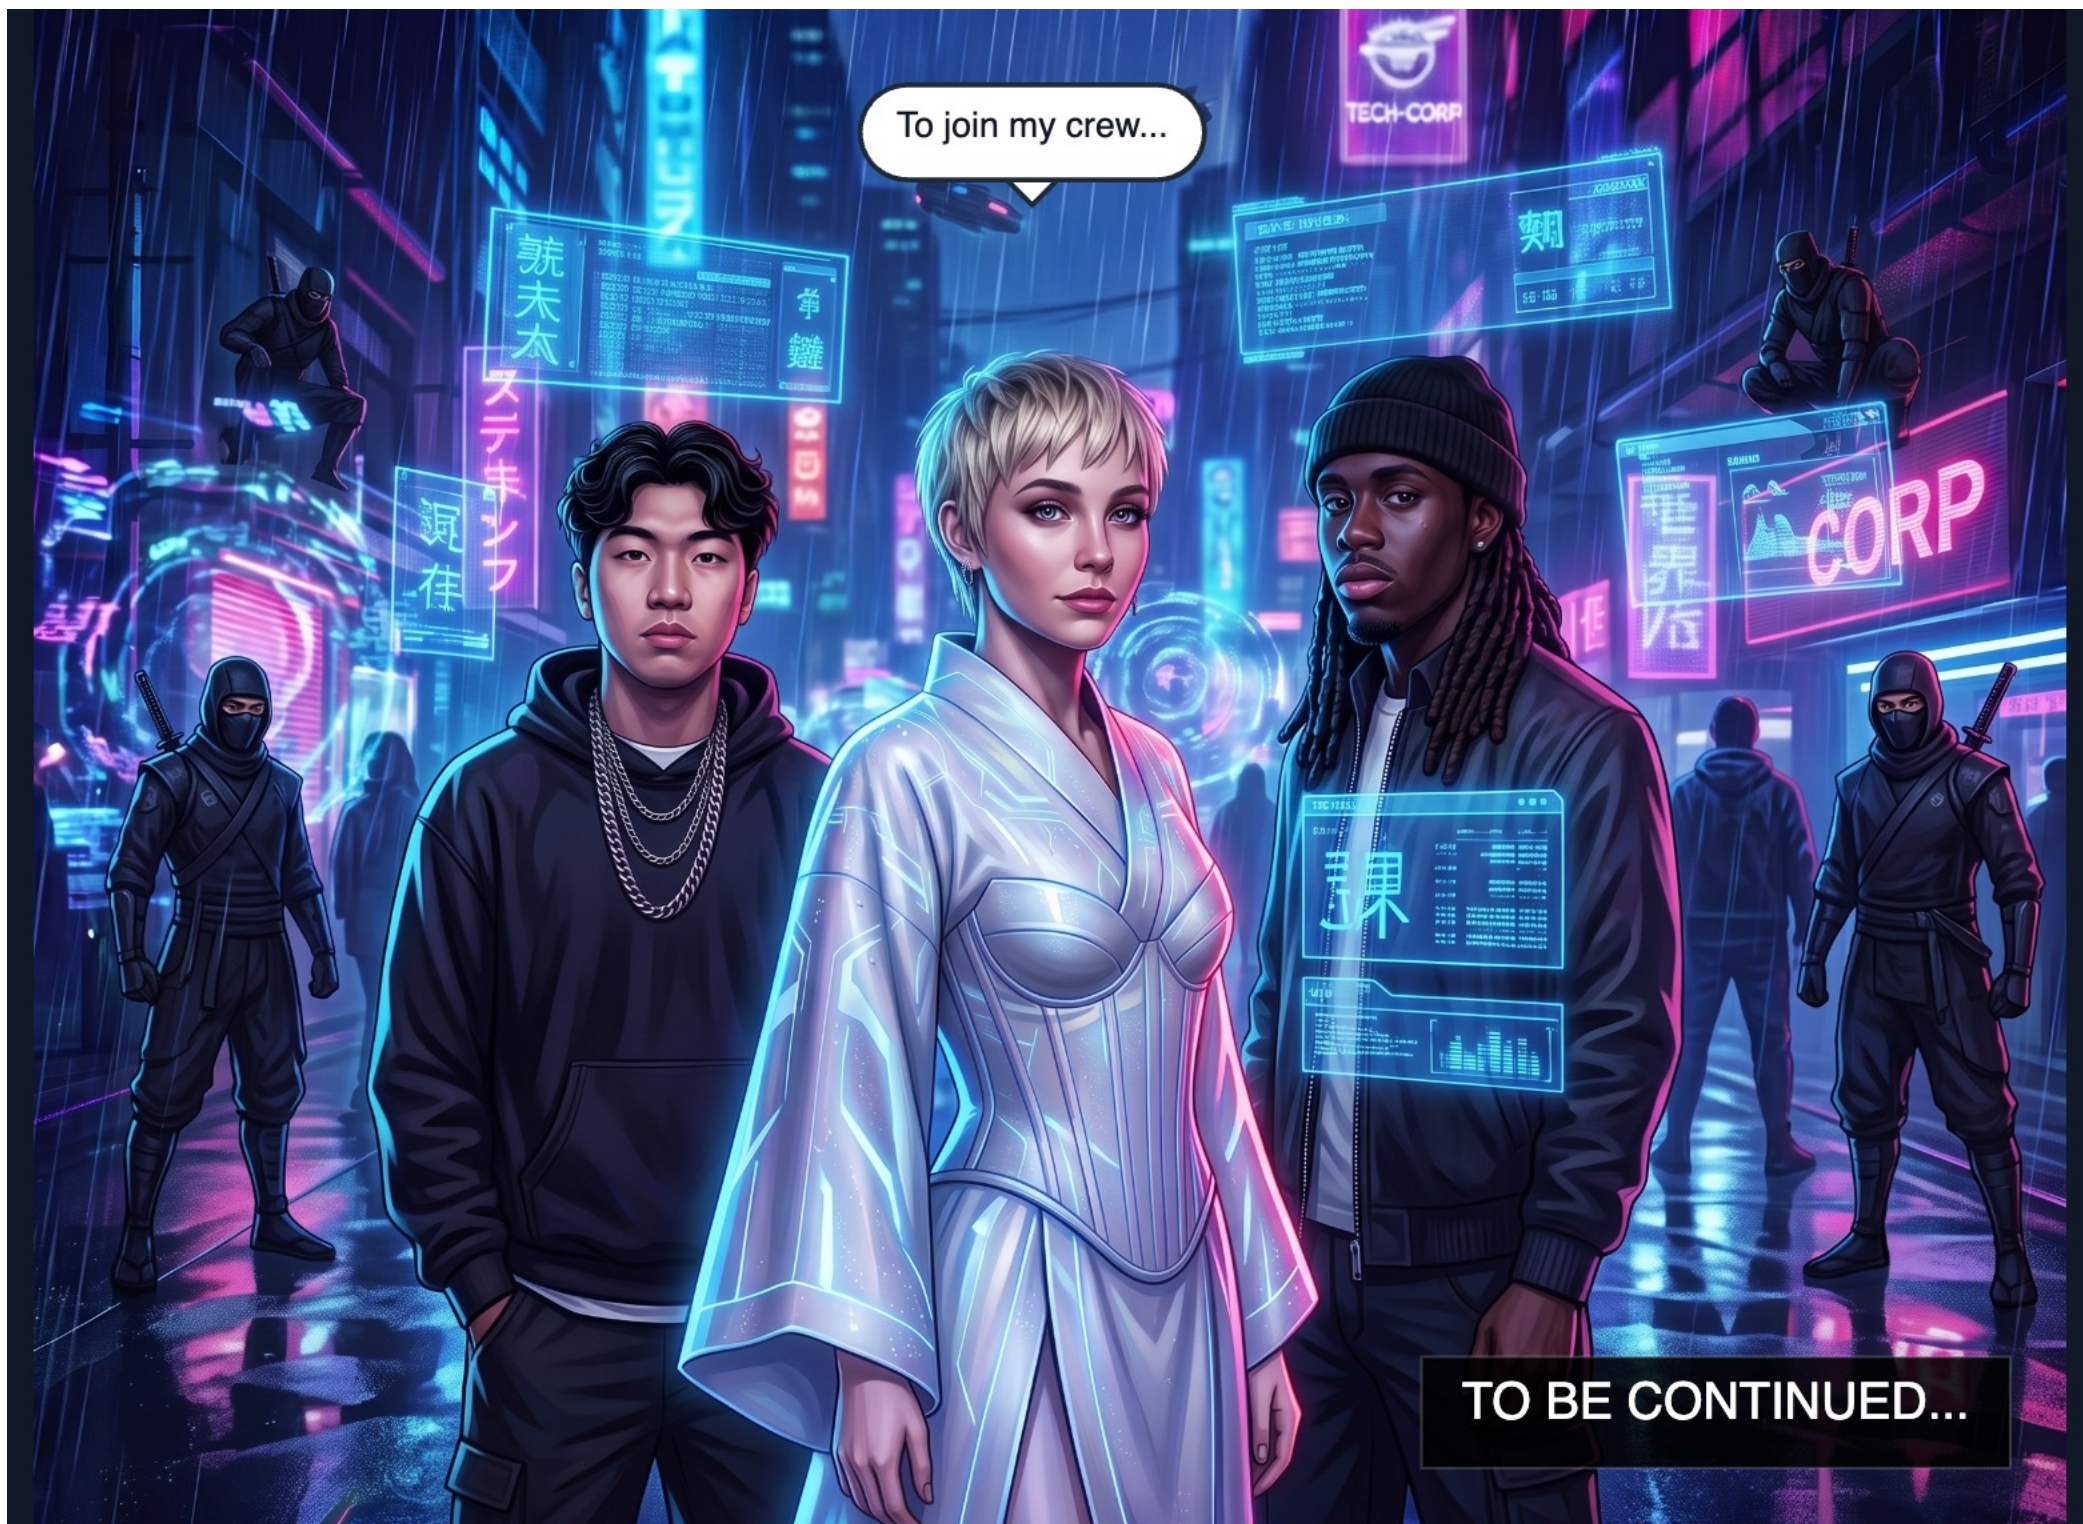

Take that you cyber Bi+@#

Thank you for helping me.

They're an invitation.

An invitations to what?

To join my crew...
